

**SOUTHERN CALIFORNIA COLLEGE OF OPTOMETRY (H-12)**  
2001 Associated Road  
Fullerton, California 92631 (714) 870-7226

*Description:* Privately-supported coeducational college founded in 1904 and accredited by the Western Association of Schools and Colleges. This was the first college to bring optometric education to California. The 1976 enrollment included 357 men and 59 women attending classes on the quarter system with one summer session offered. A faculty of 83 gives a faculty-student ratio of 1-5. The college grants the Associate, Bachelor and the Doctor of Optometry degrees.

*Entrance Requirements:* High school graduation; Optometry College Admission Test (OCAT) required; 60 semester units or 90 quarter units of college level work for the Bachelor or Doctor of Optometry degrees; one year of college work for the Associate degree in the Optometric Technician Program; \$35 application fee for OD; \$15 for Technician Program.

*Costs per Year:* \$3,350 tuition; \$50 student fees.

*Collegiate Environment:* Situated on a 7-acre site, the College is adjacent to California State University, Fullerton. The campus and all its facilities are entirely new, having been completed in mid-1973; the college also operates the Optometric Center, Los Angeles, a major clinic, located at 3916 South Broadway in Los Angeles; library contains over 8,000 volumes. Approximately 11% of the students applying for admission are accepted and 75% receive some form of financial aid. Midyear students are not accepted.

*Community Environment:* See California State College - Fullerton

**SOUTHERN CALIFORNIA UNIVERSITY OF (O-8)**  
Los Angeles, California 90007 (213) 749-4134

*Description:* Privately-supported, coeducational university; one of the major universities of the country. It operates on a semester system with two summer sessions. The 1975-76 enrollment was 26,100. The university is fully accredited by the Western Association of Schools and Colleges and by the major professional accrediting bodies of the United States covering the following divisions of the University, the School of Architecture and Fine Arts; School of Business Administration; School of Dentistry; School of Education; School of Engineering; Graduate School; School of Library Science; School of Medicine; The von KleinSmid Center for International and Public Affairs; The Law Center; School of Journalism; College of Letters, Arts, and Sciences; School of Music; School of Pharmacy; School of Religion; School of the Performing Arts; School of Social Work. Programs of study lead to the Bachelor, Master, Professional and Doctorate degrees.

*Entrance Requirements:* No single pattern of courses is required, but a minimum of 12 academic units in any combination of the following academic subjects is necessary: English, mathematics, social studies, natural science, and foreign language. Students should be encouraged, however, to complete an average of four academic subjects each semester, and students intending to major in architecture, business, engineering, mathematics, and the sciences should concentrate additional attention on mathematics and science courses. SAT or ACT required of freshmen applicants only. \$25 application fee.

*Costs per Year:* \$3,800 tuition; \$1,800 room and board; \$75 student fees.

*Collegiate Environment:* The university libraries include the general library and 14 departmental libraries housing 1,725,000 bound volumes. A computer science laboratory at the university has modern high speed computers and standard tabulating equipment. The university has units in both Air Force and Naval ROTC. The College of Engineering offers a formal Cooperative Education Program at both the undergraduate and graduate levels, providing alternate semesters of work in industry and studies at U.S.C. Approximately 70% of students applying for admission are accepted. University of Southern California has campuses in Spain, Germany, Puerto Rico, Japan, England, Austria, France, Tunisia.

*Community Environment:* See California, University of - Los Angeles

**SOUTHWESTERN COLLEGE (R-10)**  
900 Otay Lakes Road  
Chula Vista, California 92010 (714) 420-1080

*Description:* The publicly supported, coeducational junior college is accredited by the Western Association of Schools and Colleges. The Sweetwater Junior College District was voted into existence in 1960. The 1975-76 enrollment was 9,532. The semester system is used and three summer sessions are offered. The college grants the Certificate and the Associate degree.

*Entrance Requirements:* Open enrollment policy; high school graduation; non-graduates over 18 years of age admitted; college

administered test required.

*Costs per Year:* \$30 per unit nonresident tuition; no tuition for California residents.

*Collegiate Environment:* No housing facilities are available on campus. The library contains 40,000 volumes and regularly receives 485 periodicals. College has a special program enabling low-mark, culturally disadvantaged students to attend. All students applying for admission are accepted. Students are admitted at mid-year. Financial aid is available.

*Community Environment:* Chula Vista is a suburban area near San Diego with wonderfully mild climate. This area is served by the San Diego Transit System. The city has a recreation department and shopping center. Chula Vista has the usual civic organizations.

**SOUTHWESTERN UNIVERSITY SCHOOL OF LAW (U-8)**  
675 South Westmoreland Avenue  
Los Angeles, California 90005 (213) 380-4800

*Description:* Privately-supported, coeducational law school with an enrollment of 1,634. University is located in its own building in the metropolitan area of the city. It was organized as an independent college in 1911. Approved by the American Bar Association and the AALS, it grants the Juris Doctor Degree (J.D.). Previously the University consisted of the School of Law, and of the School of Commerce, Accounts, and Finance; this latter school was discontinued in 1963, and now the University maintains only the School of Law. Classes are offered in both day and evening divisions. The day school division is attended by full-time students and takes three years to complete; evening students may complete the course in four years provided they attend every summer session. The semester system is used and one summer session is offered in the evening only. A faculty of 75 gives a faculty-student ratio of 1-22.

*Entrance Requirements:* A Bachelors degree from an approved college or university; Law School Admission Test required; \$15 application fee.

*Costs per Year:* \$75 per unit tuition.

*Collegiate Environment:* The university owns and operates a 6-story building located near the Wilshire center Los Angeles. The library contains over 95,000 volumes of well selected works.

*Community Environment:* See California, University of - Los Angeles

**STANFORD UNIVERSITY**  
Stanford, California 94305 (415) 497-2300

*Description:* Privately-supported coeducational university; established under an Enabling Act passed by the California Legislature on March 9, 1885. The Stanford Gift was the greatest in the history of American Education, something over \$20,000,000. The Stanfords felt the Palo Alto Farm was the logical place for the University because of the climate and proximity to a major city, San Francisco. Stanford University's enrollment for 1976 was 8,807 men and 4,236 women. A faculty of 1,255 gives a faculty-student ratio of 1-10. The university is world renowned and is fully accredited by Western Association of Schools and Colleges and most professional accrediting agencies. It operates on a quarter system and one summer session is offered. Degrees granted: Bachelor, Master and Doctorate. Schools of the University: Business (Graduate), Earth Science, Education, Engineering, Humanities and Sciences, Law, Medicine. Within the School of Humanities and Sciences is the Division of Marine Biology and Oceanography, located in the Hopkins Marine Station in Pacific Grove, California, on the south side of Monterey Bay, 90 miles from the main University Campus at Palo Alto.

*Entrance Requirements:* High school graduation; Admission is very competitive and only those applicants with better qualifications will be accepted. Completion of the four-year college preparatory course; SAT required and 3 achievement tests strongly recommended; advanced placement available; CEEB Achievement Tests in English composition and any two others are strongly recommended; graduation in upper 10% of high school class recommended; application fee \$20.

*Costs per Year:* \$4,695 tuition; \$1,970 room and board; \$40 student fees; \$650 approximate additional expenses.

*Collegiate Environment:* Stanford University seeks a geographically diverse student body. Approximately 78% of the student body graduated in the top 10% of their high school class with 97% of the student body graduating in the top 25% of their high school class. About 25% of the students applying for admission are accepted and 93% of the freshman class returned to Stanford for the second year. Stanford University has campuses abroad in England, Germany, Austria, Italy, France, Spain and Japan. Approximately 50% of the Stanford student body receives some form of financial aid. Libraries contain over 4,175,976 volumes, 900,000 manuscripts and 300,000 microforms. Dormitories accommodate 4,994 students, fraternities and sororities 574 students and accommodations are available for 1,141

## NARRATIVE DESCRIPTIONS

married students. Approximately 85% of the senior class continued on to graduate school.

**Community Environment:** Stanford is a suburb of Palo Alto. Palo Alto is located 32 miles south of San Francisco with an ideal climate, the summer average being 77 degrees and the winter average 41 degrees. The average rainfall is 15 and 1/2 inches. The city is served by all modes of transportation, the San Francisco Airport being 18 miles north. Palo Alto has three libraries, a museum, art gallery, hotels, hospitals, and churches. Cultural advantages of San Francisco are appreciated besides the cultural opportunities located within the Palo Alto area. Recreational activities are numerous including swimming, tennis, golf, etc. The beaches are within easy driving distance, and the mountain areas are accessible for the winter sports.
